

# Sending an SMS Text Tip from a Cell Phone

This is the numeric equivalent of **CRIMES** on a traditional keypad. PDA's & smartphones may be mapped differently.

This is your "keyword."  
It should be the first part of all **NEW** tips.

This is the actual tip. All messages should begin with the keyword, followed by a space then the tip.

Note: Subsequent messages can be sent **without** the keyword.

Spelling out **CRIMES** on this keypad would result in entering "**82@,1-**", so you would need to enter **274637** instead.
